Additional copies of this report can be obtained by writing to the Office of Policy Analysis and System Evaluation, Kamehameha Schools, Kawaiaha`o Plaza, 567 South King Street, Suite 121, Honolulu, HI 96813-3036, or by calling 808-541-5372, or by e-mailing pase@ksbe.edu.

¹ The data reported here were current as of December, 2000. Some changes in numbers over the course of the school year are to be expected due to withdrawals, new enrollees, transfers, etc. The ethnicity data are based on DOE Student Information Forms completed by parents or guardians when students first enroll in a DOE school. This form asks parents to identify the child's *dominant* ethnicity. All children whose parents indicated "Hawaiian" or "part-Hawaiian" are counted as Hawaiian in this report. It should be noted that comparisons of DOE data with Hawai`i State Department of Health birth data suggest that between 20 and 25% of DOE students of Hawaiian ancestry are not identified as Hawaiian in the DOE student information database.

HOW TO USE THE TABLES:

The data are arranged in three sections. Each section summarizes the data at a different level. The first section (pg. 3) consists of one table, reporting the total numbers of Hawaiian and non-Hawaiian students in regular and special education programs enrolled in the DOE in the State of Hawai`i by grade level. The second section (pgs. 4-7) presents the data summarized by district. The third section (pgs. 9-144) presents the data for each individual school, with schools organized by school district.

If you are interested in data by the district, then you will go to section 2. In the upper left-hand corner above each table will be the name of the school district. If you are interested in data by school (in section 3), again look at the upper left-hand corner above the table where you will find the school district and school. The schools in section 3 have been arranged in alphabetical order by school name.

The format for each table is the same. The data are arranged in rows for the number (N) and percent (%) of the two student groups, Hawaiians and non-Hawaiians. The columns report the number (N) and the percent (%) of students for each grade level at each school. Depending on the school, grade level may range from Special Education to grade 12. The last column reports the total for each group.

Should you have any questions regarding the data or the tables, please call the Office of Policy Analysis and System Evaluation at 541-5372 or send messages to pase@ksbe.edu.
