Kauwela 2020

Aloha!

Welcome to the epic journey of the Hero Hi'iakaikapoliopele! In this packet we have provided for you all of the tools you will need to join her on this adventure!

Hi'iaka's journey is separated into 4 different sections/volumes. In each section/volume is the following:

1. An issue of the comic "Hi'iakaikapoliopele."
2. A script for you to put on a "Reader's Theater" play of the comic to act out with your family and friends. Bring the story to life!
3. Masks that you can cut-out and decorate to use in your Reader's Theater.
4. A map showing Hi'iaka's journey in this issue. The path she takes is marked by the red line on the maps.
5. Flash cards that you can cut out and use with a friend or family member to help you remember everything that you learned on this adventure.

The story of Hi'iakaikapoliopele is epic. Major parts of the story take place in the *moku* (districts) of Puna and Hilo. We hope that you will have fun with your family getting to know the story of these amazing things that happened right here in our backyard!

Two quick things to note:

- The comics have a large file size and may take 3-10 minutes to open on your computer.
- If you experience issues opening a resource, please switch your internet browser. Google Chrome tends to work best.

Have a great summer!
