

**Kamehameha Schools - Kapālama**  
**High School Math Department**  
**Grade 9 ONLINE Math Placement Test Instructions**

Aloha e nā mākuā a me haumāna,  
(Greetings, Parents and Students!)

Ho‘omaika‘i (Congratulations) on your acceptance into Kamehameha Schools - Kapālama!  
We are excited to be a part of your High School journey!

In years past, we have called all New Invitees to campus on a Saturday in April to take a Mathematics Placement Test with the goal of placing each student in the appropriate class where the student is (1) challenged, and (2) able to thrive. It is important that both students and parents realize that we are trying to place students where they best fit into our math program at Kamehameha Schools Kapālama.

We realize that asking everybody to come to campus on a Saturday to take a math test is a burden, so in an effort to improve our practices we have made an online version of our math placement test that students can take at home. We are asking for some parent assistance in administering this test. **REMEMBER: Your child has already been accepted into Kamehameha Schools!** Getting an honest assessment on your child's current math capability will help with appropriate class placement and ultimately benefit your keiki and the school.  
**This test does not affect acceptance.**

Links for our intake placement exam are provided below.

**Please have your child take this test in about 60-75 minutes.**

**They may use scratch paper, but no calculator or other technology.**

Each student will only be allowed to take this test once.

**Please ensure that this placement test is completed by MONDAY April 21st at 8:00am.**

Directions for accessing the test are below AND on the back side of this paper. If you have difficulty accessing the internet to take this exam, please contact one of your local Kamehameha resource centers.

If you have any questions or concerns, please email Math Department Head Diana Ching-Teruya at [diching@ksbe.edu](mailto:diching@ksbe.edu).

Mahalo,

Diana Ching-Teruya

Directions for how to access  
the test are on the back of  
this sheet!

### Directions for How to Access the Math Placement Test:

You may use a smartphone, tablet or computer to take this exam.

#### **Smartphone or Tablet:**

Follow these simple steps.

1. Open the **QR Code reader** OR **Camera** on your phone.
2. Hold your device over the **QR Code** so that it's clearly visible within your smartphone's screen. Two things can happen when you correctly hold your smartphone over a **QR Code**.
  - a. The phone automatically scans the code.
  - b. On some readers, you have to press a button to snap a picture, not unlike the button on your smartphone camera.
3. If necessary, press the button.
4. Congratulations, you have access to the test!

#### **Computer:**

Open an internet browser (Google Chrome, Safari, Firefox, etc.) and go to the following website:

<https://tinyurl.com/MathIntake2025> . This link should take you directly to the test!

---

Please be sure to fill out all important information (valid email address, Legal First Name, Last Name, Current Math Course, Current Math Teacher).

---

**REMEMBER:**    **Take the Test By Yourself**  
**Do Your Best**  
**No Calculator**  
**You Have 60-75 Minutes**  
**Please submit by April 21st, 8am**
